Mini-Ductor Flameless Heat System

MD-700

110/120 Volt

Experience fast, safe and damage free removal of stubborn nuts and bolts, exterior trim, vinyl graphics, glass and much more.

The Mini-Ductor® is the professional's choice handheld flameless torch. It is used in the automotive, construction, agricultural, industrial and marine industries.

Leverage the power of technology with Invisible Heat®. The flameless solution for releasing corroded or frozen hardware and other metallic components from corrosion and thread lock compounds. All without the collateral damage normally associated with torches. Heats nuts red hot in seconds!

FEATURES:

- Reduce labor by as much as 75%
- Salvage parts normally discarded
- Reduce the need for expensive consumables
- Reverse polarity protection
- Low voltage shut-off to prevent battery from being totally drained
- LED lighting
- No-slip grenade grip
- No more Open Flames.
