Gaither/Winntec 3.3 Ton Floor Jacks

- The G420302 features a single piston power unit and is built for professional workshops looking for an economic 3.3 ton jack option. Includes the handle protector (Part # GHP-01)
- The G420303 features a double piston power unit (Turbo Lifter System) allowing the jack to reach it's lifting point quicker. The professional universal joint release valve makes it possible to lower the jack with load very precisely and free of any risks. The pump pistons (protected with jacket to prevent from intrusion of dirt) are placed at a 45° angle so a complete pumping stroke will always be utilized. Includes handle bumper, rubber saddle pad and handle protector (Part # GHP-01)
