Martins Galvanized 2-Bar Portable Tire Cages

- Galvanized steel offers a rust proof design to withstand all weather conditions.
- The portable inflation cage is often used by road service vehicles for changing and inflating tires on trucks, buses, military vehicles, etc.
- This light, compact yet sturdy tire inflation cage is manufactured using steel that meets the toughest standards in North America.
- The portable inflation cage folds down to a depth of only 6", making it very easy to stow in your service truck.
- Safety cages, a mandatory precaution for tire inflation, provide good protection and exceed the requirements of OSHA Standard 29 CFR 1910.177 in the U.S. and is CE certified.
- 479-36211 model is designed for wide base tires and will hold super singles, and super wide radial tires.
