Providing Tire Service Solutions since 1939

New from Gaither!
Air Motor Sleeve now included for extra protection

190GT-20MS
Gaither Ton
Moore-Safe Jack

Key Features:
*Comes with 2 interchangeable adaptor heads
*Maintains the center of gravity while lifting
*Dramatically reduces the chance of vehicle drops
*Makes jack positioning easy
*20 Ton Lifting Capacity
*Includes both Round & Y-Heads
*Includes air filter and air regulator, reducing the inlet pressure to 110psi to help prevent seal blow out

Specifications

Model	Cap U.S./Met.	Min h. in/mm	Max h. in/mm	Hydr Stroke in/mm	G.W. lbs/kg	N.W. lbs/kg
GT-20MS	22 t/20	11/279	19/483	5.71/145	45/20.5	43/19.5

190GT-20MSLP
Gaither Moore-Safe
Low-Profile Bottle Jack

Key Features:
*Comes with 2 interchangeable adaptor heads
*Maintains the center of gravity while lifting
*Dramatically reduces the chance of vehicle drops
*Makes jack positioning easy
*20 Ton Lifting Capacity
*Includes both Round & Y-Heads
*Low profile for under a lower clearance lift point
*Includes air filter and air regulator, reducing the inlet pressure to 110psi to help prevent seal blow out

Specifications

Model	Cap U.S./Met.	Min h. in/mm	Max h. in/mm	Hydr Stroke in/mm	G.W. lbs/kg	N.W. lbs/kg
GT-20MSLP	22 t/20	7.375/187.33	11.75/298.45	5.71/145	28/12.7	26.6/12.07

Rubberto Explains:

Y-Head
- For round & square surfaces

VS

Round Head
- To cradle U-bolts and provide a wide footprint for flat surfaces
