Good Value

Premium Performance

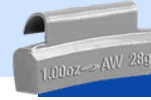

Steel - 'Fe'

- Mid-density material
- Proven stamped construction
- Entry-level value
- Corrosion-resistant coating required
- Rigid, high-tension fit

Plasteel

- Steel core for strength
- Plastic-coated for softness
- Superior wheel protection
- Excellent mid-tier value

Lead

- High-density material
- The original industry standard
- Exceptional malleability
- Easy application
- Subject to state environmental laws

Zinc - 'Zn'

- Mid-density material
- Precision molded construction
- OEM Preferred
- Superior fit and finish
- Non-corrosive properties

Confirm proper rim flange fit
